

AMENDMENTS TO THE HOMELAND APPROPRIATIONS BILL

NOTE: Under an open rule new amendments may be offered without prior notice.

Manzullo -- inserts the following provision: "None of the funds made available in this Act may be used by the Secretary of Homeland Security to enter into a contract for the procurement of manufactured articles, materials, or supplies unless section 2 of the Buy American Act (41 U.S.C. 10a) is applied to such procurement by substituting "at least 65 percent" for "substantially all". *Should be subject to a point of order.*

Maloney -- increases funds for the "Office of Domestic Preparedness – Domestic Preparedness" for grants for use in high-density urban areas and high-threat areas (currently funded at \$500 million) by \$300 million and reduce funds for "Disaster Relief" (currently \$1.8 billion), by \$300 million.

Maloney -- increases funds for the "Office of Domestic Preparedness – Domestic Preparedness" for grants for use in high-density urban areas and high-threat areas (currently funded at \$500 million) by \$300 million. *Since the amendment is not offset it will be subject to a point of order.*

Engel -- transfers \$500 million within the "Office of Domestic Preparedness – Domestic Preparedness" from basic formula grants (currently funded at \$1.9 billion) to grants for use in high-density urban areas and high-threat areas (currently funded at \$500 million).

Engel -- adds the following prohibition of funds to the bill: "None of the funds made available in this act may be used to issue a certification of offsite emergency evacuation plans of nuclear power plants."

Baldwin -- inserts a prohibition of funds as follows: "None of the funds made available in this Act shall be used to enter into any contract to develop, lease, or procure Coast Guard vessels in the National Security Cutter class or Offshore Patrol Cutter class unless the main propulsion diesel engines are manufactured in the United States by a domestically operated entity. The Secretary of Homeland Security may waive the restriction in the preceding sentence on a case-by-case basis by certifying in writing to the committees on Appropriations of the House of Representatives and the Senate that- (1) adequate amounts of such components are not available from a domestically operated entity to meet requirements on a timely basis; (2) such a contract is necessary to acquire capability for national security purposes; (3) or there exists a significant cost or quality difference between components manufactured in the United States and components manufactured outside the United States." *Subject to a point of order.*

LoBiondo -- reduces funding for TSA Aviation Security Baggage Screening by \$10 million (currently \$3,679,200,000); reduces TSA Administration by \$36 million (currently \$487.1 million); reduces funding for Citizenship and Immigration Services Operating Expenses by \$12 million (currently \$248.5 million); reduces funding for Science and Technology Research and Development within the Coast Guard by \$47 million (currently \$22 million); increases Coast Guard Operating Expenses by \$35 million (currently \$4,703,530,000); and increases Coast Guard Acquisition, Construction and Improvement funding for the Integrated Deepwater System Program by \$75 million (currently \$530 million).

Filner -- increases funding for the Secure Electronic Network for Travelers Rapid Inspections (SENTRI) system in the Bureau of Customs and Border Protection by \$5 million, to reduce the backlog of prospective applicants. ***Unless the amendment has an offset it will be subject to a point of order.***

Terry -- transfers \$20,000,000 from the Transportation Security Administration's (TSA) Aviation Security budget (currently \$3,679,200,000) to grants to local first responders (\$10,000,000 for firefighter assistance grants (currently funded at \$750 million), and \$10,000,000 for law enforcement terrorism prevention activities (currently funded at \$500 million)).

Weiner/Brady -- transfers \$200 million from the Domestic Preparedness Basic Formula Grant account (currently funded at \$1.9 billion) to the High Threat Areas account (currently funded at \$500 million).
